

eFax powered by RingCentral

Improve communication efficiency with RingCentral for OSCAR Pro.

OSCAR Pro's enhanced eFax feature is now integrated with RingCentral enabling physicians to streamline their communication process, save time on administrative tasks, and access faxed documents along patient records.

DELETE INTEGRATION

Easy to set up and customize to your practice, eFax offers:

- **Self-serve:** Setting up eFax is easy, and you can be up and running quickly with no installation fees.
- **Real-time visibility:** The real-time status of your faxes is visible right in OSCAR Pro, so you can ensure information is being delivered without leaving the EMR.
- **eFax Outbox:** Always find what you're looking for with enhanced search including filtering by fax number, demographic number, real-time fax status, and more.

Questions? Email us at info@oscarprodesk.ca

Reduce costs by up to 60% with exclusive pricing for OSCAR Pro Users!

Ring Central's exclusive pricing for OSCAR Pro users includes up to 35,000 faxes per user, per month, making Ring Central more cost-effective than other fax services.

Safe and Secure

eFax is fully compliant with health care regulations such as PIPEDA, PHIPA and other provincial regulations so you can be confident your patient data will remain safe and secure.

Streamline communication, reduce administrative burden and bring down your fax costs.

Visit our FAQ to learn more and set up your RingCentral account.
